PARTS SOLV DEGREASER

PRODUCT CODE

12941

SIZES AVAILABLE

Concentrate Mixed

12941-05 **5 Gallon Pail**

- Weighs 50 lbs.

12941-55 **55 Gallon Drum**

- Weighs 400 lbs

Keep out of reach of children. Do not handle until all safety precautions have been read and understood. Use eye, face, and rubber glove protection when handling these contents. Do not store at temperatures above 120°F. Do not allow to freeze.

TECHNICAL INFORMATION

Appearance: Clear Liquid

Color: Light Straw

Odor: Solvent like, slight

This product is not regulated

PARTS SOLV DEGREASER is the product of choice in today's workplace where safe yet effective non-water based solvents are required. This product is a low-odor degreaser designed for cleaning heavy soils and hydrocarbons. This product works very effectively in a wide range of temperatures. **PARTS SOLV DEGREASER** will even work to -40C. Solvent based formulations are superior to all other forms of cleaners. Due to the percent of cleaning components fortified into this product, less is needed to achieve the same results of other products. This results in increased time and money savings.

DIRECTIONS FOR USE

PARTS SOLV DEGREASER is a concentrate, and in most applications should be diluted prior to use. However, when used as a pre-spray, it may be used full strength depending on severity of soil. When used through pressure washing equipment, drop detergent feed line into the concentrated cleaner, set metering valve to desired setting, and soak entire surface from bottom up. Detail clean from bottom up. Rinse with fresh water from the top down. **DO NOT USE ON PAINTED SURFACES AT CONCENTRATIONS OF LESS THAN 1:8. DO NOT ALLOW TO DRY ON SURFACES. ALWAYS RINSE THOROUGHLY.**
