Color: Blue

Odor: Characteristic

pH: N/A

This product is not regulated.

SM200 Soy Tar & Asphalt Remover is made from a derivative of natural soybeans.

SM200 Soy Tar & Asphalt Remover has a wide variety of uses ranging from an all-purpose cleaner to a heavy duty industrial degreaser.

SM200 is also very effective at removing tar and asphalt from hard surfaces such as cement and concrete; sidewalks, street curbs, driveways, vehicles and asphalt trucks.

SM200 is formulated for extreme tar and asphalt removal.

DIRECTIONS FOR USE: For Tar and Asphalt removal: Product should be used directly and never diluted in any way. Spray directly onto tar or asphalt to be removed, allow a dwell time for a minimum of 10 minutes. Re apply on top of initial application as necessary for thicker tar or asphalt splash. Rinse thoroughly with high pressure hot water. Repeat as necessary to remove thick deposits on asphalt equipment.

DO NOT ALLOW TO DRY ON SURFACES. ALWAYS RINSE THOROUGHLY.
