

SAP ZAPPER

Sap Zapper is a highly concentrated cleaner designed for quick and effective cleaning of sap and pitch for all the production equipment of the forest industry. Equipment, blades and tools are easily cleaned. Also works well for grease and all types of soils.

Sap Zapper immediately starts to soften the hardest dried on sap pitch upon application. Sap Zapper effectively solubilizes and emulsifies Sap and Pitch on most surfaces and has biodegradable surfactants.

DIRECTION FOR USE:

Spray Sap Zapper at full concentrate, allow to soak for 15-20 minutes. It can be wiped off or preferably rinsed with a cold/hot pressure cleaner where applicable. Dilute 1 part Sap Zapper to 1 part Water for lesser contaminants or light cleaning. Do not allow to dry on surfaces. Always rinse thoroughly.

Dilution For Pressure Washing, Using Low Pressure Chemical Injector:

Light Duty:	1 part Sap Zapper to 3 parts Water
Medium Duty:	1 part Sap Zapper to 2 parts Water
Heavy Duty:	1 part Sap Zapper to 1 part Water

Soak Tank for Steel Parts Dilution:

1 part Sap Zapper to 2 parts Water. Typical dwell time 15 - 20 minutes, wipe or rinse soils and cleaning solution thoroughly. Do not use on polish or anodized aluminum.

PRODUCT CODE **74750**

SIZES AVAILABLE

74750-05 5 Gallon Pail
Weighs 50lbs.

74750-55 55 Gallon Drum
Weighs 490lbs.

TECHNICAL INFORMATION

Color: Green

Appearance: Liquid

Odor: Odorless

pH: 13+

Contains: Potassium Hydroxide

When handling, wear chemical splash goggles, face shield, rubber gloves and protective clothing. Will cause eye and skin burns. Avoid prolonged or repeated contact with skin. Do not take internally.
